## CORE COMPETENCIES

### LEVEL 2 EV CHARGERS

Our PURPL charging stations are the perfect pairing with your EV. The average monthly charging costs are \$18.54 vs. \$476.44 with others.

### EV CHARGING INSTALLATION

We also provide comprehensive solutions beyond selling products, including site evaluation, design, installation, and maintenance.

### EV ROADSIDE ASSISTANCE

If your vehicle runs low or out of charge, we provide you with enough battery power to get you to the nearest charging station or home.

## WHY CHOOSE US?

Spregal Solutions is a leading provider of EV charging solutions in the United States, with a team of experts ready to help.

The Spregal Solutions team has over 25 years of electrical and electronic technician expertise.
